

Academy: AL Boot Camp

- What you'll Need
 - Laptop running Microsoft Windows 10 or 11
 - Application and configuration rights on your laptop
 - Visual Studio Code
 - Docker**
 - An internet connection
 - Access to a Business Central Sandbox Environment*
 - Permission to manage extensions in the environment
- Presenters
 - AJ Ansari
 - Brad Prendergast

* If you do not have access to a SandBox environment, we can work with you to provision a temporary environment for you to use during the Academy

** Docker system requirements are listed on the next page; The use of docker is not required for extension development but is an option for development

Academy: AL Boot Camp
